Have You Started Fundraising ?

Once you have registered you can start collecting sponsors to raise funds which we will share with deserving charities during 2020. You can download and print your sponsorship form directly from our website. Or create and share your own online fundraising page through VirginMoneyGiving.com

(see www.lincolnsantafunrun.co.uk/fundraising).

We understand not everyone wants to raise money through sponsorship so we have added donations options to the registration page and provided donation links on the website.

Photography & Media

We are delighted to say that this year Kurnia Aerial Photography (droneman.net) will once again support the event with drone filming. Check our terms and conditions for information on this. We will also again have our own photographers (many thanks to Dunholme Camera Club for their help this year) taking lots of pictures and action shots which we will publish in our 2019 website photo gallery.

And as usual local and regional media will be there to cover the event with pictures & video footage.

On the day

A message from the Running Elf. Don't forget to loudly cheer and clap all the runners as they pass you by.

For our runners every single cheer really does make a difference.

This Year's Sponsors

Without the kind support of our local sponsors we could not run this event and would not be able to raise funds for so many deserving charities. So a big festive thankyou to you all.

If your local business or organisation would like to get involved contact us at enquiries@lincolnsantafunrun.co.uk or register your organisation's interest on our website.

Having Problems Registering ?

SO SORRY ! We are aware that a small number of people have had problems registering on-line for this year's event if using an iPhone or an iPad (it may be linked to ApplePay). We apologise for the inconvenience caused but it was unexpected and not found during our testing.

Our elf technicians continue to work on a fix for this but in the meantime the following advice may help you:

1. If your problem is that you are unable to change the number of items you wish to order (because the scroll does not work) then just click on add to basket as many times as the number of items you require. This will update your basket accordingly.
2. If your problem is that you cannot enter your details (name, address etc) try to register on a device other than an iPhone or iPad. It should work OK.
3. If you still cannot register there is a paper registration form which can be printed directly from our website.
4. If you have registered but you have not received your confirmation email please check your email SPAM or JUNK folders.
